Desmond says...

- Get money out of politics** with comprehensive campaign finance reform. This campaign refuses donations from ALL special interests!
- End “Too Big To Fail”** by passing legislation designed to protect Americans from risky financial behavior and prevent taxpayer bailouts!
- Pass real healthcare reform** that values people over profits, so Americans can get the care they need, not the care they can afford!
- Defend the civil rights of all Americans**, whether they be the right to marry, the right to choose, or the right to privacy!
